SHREE SHAILESH KUMAR
SECRETARY

As we all know that education, business, profession, in fact, everything is changing at a fast pace globally. We need to be right there or we will be left behind. Hence the need arises to impart high-quality education along with the latest infrastructure, that is what our college focuses on and we know that by putting the right people on the job we can make it the biggest success story of our times. Our focus is on a balanced education that encompasses the tradition of ethics and on the needs of a changing world.

Today, more than at any time in history, technology is changing. It has the power to transform economic, social, cultural and environmental situations of our country, so that our countrymen may have food, shelter, education, healthcare and employment within a given time-frame. J. P. Institute of Technology, Bihar Sharif is dedicated to that task of making India a knowledge society to create scientists, engineers and managers of proven capability.

The main goal is that the child not only becomes a successful individual in this vibrant and dynamic environment but also becomes a better human being that will make him responsible and a good citizen upholding our values and ethics while maintaining a separate identity. The College aims at holistic development of a child. Our emerging profile is to equip our students and teachers with talent. Technologies and resources are developed so that they are ever ready to help our corporate sectors and for emerging as the leaders in the global market. I invite you to explore this unique and fulfilling field of study and join hands to realize the dream of becoming the next knowledge superpower. Looking forward to your co-operation.

“The greatest gifts you can give your children are the roots of responsibility and the wings of Independence”

J.P. INTERNATIONAL SCHOOL

Affiliated to C.B.S.E, New Delhi

Class : Nur. to XIIth

J. P. International School, Biyabani, Bihar Sharif aims to provide an environment of learning which will help to shape the India of tomorrow. We aim to provide an integrated learning structure which helps develop the child holistically in academics, extra curricular activities and in various life skills.

The ultimate aim of the school is to contribute to the all-round development of the child where he or she is able to become a role model in society. We believe that education is not only about books or syllabus but also about learning, practical applications, ethics, life skills, traditions, culture, inter personal skills and self-realization.

We aim to provide an environment where the child can self-realize his or her own potential and is able to gain the skills to maximize the power of his or her capabilities. To achieve this, we bring together the best technology and systems, logistics and infrastructure, highly qualified and competent faculty, excellent learning material, dedicated support staff and a host of opportunities for the child to showcase and develop her skills. And most important of all, we all share the same vision as you - of your child being a role

PRINCIPAL MESSAGE

Schools are the training grounds for the citizens of tomorrow. To ensure that Indians have a space in the global platform, we need to nurture and promote innovation in thinking. Children must be encouraged to think through a problem and come up with creative solutions and this must be ably supplemented with technological progress.

The future lies in the hands of individuals who are ready to learn all through their lives and school is an institution designed to provide learning spaces and learning environments for the teaching of Pupils under the direction of teachers. We have systems of formal education, which is compulsory. In these systems, students progress through a series of schools. But the first step decides the future and that first step at Mothers World would certainly be apt and fruitful for your child. As our learning modules based on modern child pedagogy and recent trends and researches in child psychology which support the natural development of the child. We at J.P. International School, believe that every child is unique and gifted with multiple intelligences.

TREE PLANTATION

One man one tree: - trees are useful and beautiful gifts of nature. Forests help in maintaining the ecological balance which is so essential for preservation of life on the earth. So all the people must try to implant tree in nature for controlling the ecosystem.

MEDICAL CAMP

A free health checkups, awareness & treatment camp for all students were organised by this group in COVID 19 pandemic.

SELF DEFENCE TRAINING (RAKSHA)

Keeping in view, the rising number of crimes against girl in the country. It is important to provide self defence training to them in any organisation to ensure their safety & security.

That so, for helping women we are providing self defence training program.

DRUG FREE AWARENESS PROGRAM

Many intoxicants are sold in the market for intoxication such as liquor, cigarette etc. Drugs like opium, heroin are sold illegally by theft, which is very harmful and leads to addiction. For avoiding all these, people were awakened by giving awareness campaign.

YOGA

Yoga offers physical and mental health benefits for people of all ages. Yoga has numerous benefits if we look at it closely. You will get relief when you practice it regularly. "Yoga is the journey of the self, through the self, to the self." The Bhagavad Gita
